

Invincible Pigs

Bio

Invincible Pigs are a lively acoustic band with a DIY ethic and a punk attitude. Blending powerful vocals, strong rhythms and catchy melodies, Invincible Pigs create an exciting and memorable sound whether playing in a rainy pub garden or a sunny festival stage.

Taking influence from bands such as the Pogues, Mischief Brew and Gogol Bordello, Invincible Pigs mix original songs with traditional tunes, and covers of contemporary songs with a folksy twist.

Originally found playing in the pub gardens of Bristol, a band formed (and was eventually allowed in out of the rain) in mid-2015 and Invincible Pigs have been playing regularly at gigs and festivals across the South of England ever since.
